

6th International Microinsurance Conference

9– 11 November 2010, Manila, Philippines

www.microinsuranceconference.org/2010

General information

From 9 to 11 November 2010 the 6th International Microinsurance Conference will take place in Manila, Philippines. This event is hosted by the Munich Re Foundation and the Microinsurance Network supported by GTZ/BMZ, the Department of Finance of the Philippines and Georgia State University's Center for the Economic Analysis of Risk.

Structure and goal of the conference

The conference will have plenary panel discussions on key topics addressing an interdisciplinary audience. Parallel working group sessions will deal in depth with different subtopics. Interactive sessions are the key part of the conference, encouraging discussion of work in progress and facilitating dialogue in small groups on emerging issues.

Conference language

English

Target audience

Around 500 participants and experts from around the world will exchange experiences and discuss the challenges of microinsurance. They include representatives from international organisations, NGOs, development-aid agencies, insurance and reinsurance companies, academics, policymakers and regulators.

Dates to remember

Call for proposals: 1.3.2010 – 31.5.2010

Start of registration: 1.8.2010
